STATEMENT OF PURPOSE: This resolution authorizes a contract with Haldeman-Homme, Inc., for the purchase, delivery, and installation of high-density storage for the new police headquarters in the amount of \$355,938.30, payable from the capital improvements fund.

The new units will be used for high density storage of property and evidence, records, evidence lockers, and personnel lockers. The product comes with a five-year warranty.

The purchasing division posted a request for bids on the web in January 2011, sent bid packets to eight vendors, and received seven responses by the closing date. The purchasing agent (a) reviewed responses for accuracy and completeness and determined that three were eligible for comparison; and (b) verified that the three bids were based equally on the same cost factors. The low bid from FSS Business Systems, Inc., was rejected because the company required 50% up-front. The next low bid was from Haldeman-Homme, Inc.

Haldeman-Homme, Inc., from Minneapolis, Minnesota, has a proven track record with many state and local law enforcement agencies.
